

Launch of tender of pre-selection Highway operator, Technical support for Delegate Project Master

The Algerian Highway Management Agency is launching a tender of pre-selection for the Technical Support for Delegate Project Master to carry out management plan & programme specified in field of:

- Management
- Maintenance

for toll highways & expressways in Algeria.

In this regard we kindly request our **members** to contact the IRF Geneva Programme Centre at info@irfnet.org, if you are a highway toll operator from Europe: Spain, Portugal, Germany, Swiss, Belgium & France and if you want your company to be added to the list for the pre-selection.

The IRF will then submit this list of members to the Algerian Highway Management Agency, which will then contact the selected companies for more information.
